**Solutions  
for Steel and  
Metalworking  
Since 1936**

## Metalworking Coolants

Hamikut® Soluble Oils Kleerkut® Semi-Synthetics Hamikleer® Full Synthetics

## Industrial Cleaners

Immunol® Detergent Purgitol® Immersion Hamiterge® Alkaline

## Corrosion Prevention

Steelgard® Synthetic, soluble oil, straight oil and solvent

## Cutting & Grinding Oils

- Aerogrind® low viscosity straight oils for grinding
- Aerokut® medium-duty fluids for cutting
- Aerotap® low viscosity products for tapping and threading
- Hamilube® heavy-duty cutting oils

## Drawing & Stamping Lubes

- Hamidraw® Water soluble oils for metal deformation
- Hamilube® Straight oils for metal deformation
- Aqualube® Water soluble synthetic drawing fluid

## NDT Fluids

- Immunol® Non-destructive testing

## Acid Cleaning & Pickling

- Activol® Acid inhibitors
- Actispeed® Acid accelerators
- Hamico® Rinse additives

## Lube & Hydraulic Oils

Kleenlube® products represent our way lube and hydraulic oil line. These products provide lubricants for machine tool slideways and lathes while resisting oxidation and viscosity changes for use as hydraulic lubricants.

***With over 75 years of collective experience, the Harry Miller Corp's staff of chemists has the proven technical expertise to provide you with the benefits of superior product development to improve your process and your company's results.***

## Custom Formulations for Metalworking

Harry Miller Corp. offers hundreds of proven chemical products developed in our laboratories. Our purpose is to help our customers be more productive and more profitable. When your needs are not met by “off-the-shelf” products, we can offer customized formulations that are cost effective.

## Precision Manufacturing

Harry Miller Corp. conforms to ISO 9001:2015 standards. Quality control chemists monitor incoming raw materials, approve finished batches and chart trends using SPC precepts.

## Technical Representatives

Our professional sales representatives are trained and experienced in focusing on customer needs and partner with you to improve processes and reduce operating costs. Visit us on the web for more information or call to discuss your particular needs with our specialists.

## Customized Service

Because every product has a purpose and a proper use, we provide on-site and laboratory services tailored to your needs. Our products are sold direct and through distribution in North America, and via licensees and strategic partners on all major continents.

### Manufactured By:

4309 N. Lawrence Street  
Philadelphia, PA 19140  
USA

*Harry Miller Corp offers the best solutions for metal-working, including custom formulations. Our products are matched to your process, your products and your way of doing business.*

*Harry Miller Corp also offers a full line of aqueous and petroleum-based rust inhibitors, drawing and stamping fluids, cutting fluids, acid pickling solutions and non-destructive testing fluids.*
